

SHL VP 100

Application SHL VP 100 is a vacuum pump oil with excellent oxidation stability. It is excellent in chemical stability and can reduce the sludge and carbide formation due to oxidation and oxidation, thus extending oil life.

Properties /Benefits

- Low volatility
- Excellent oxidation stability (provides long service life)
- Superior demulsibility

Handling /Package

- Please store the product indoor about 10-30 °C.
- Please covered with cover, refer to the MSDS more safety information
- Drum(200L), Pail(20L)

Physical properties

Item	Method	Result
Appearance	Naked eyes	Light Yellow Clear
Specific gravity(15/4°C)	KS M ISO 3675	0.86
Viscosity (cSt@40°C)	KS M ISO 3104	106.0
Flash point (°C)	KS M ISO 2592	246
Pour point (°C)	KS M ISO 3016	- 21
